

## Entries Set New Record For 4-day Shuttle Tourney Here

When entries for the British Columbia Junior Badminton Championships and Central Fraser Valley junior tourney close to-night, Mrs. Margaret Trethewey, secretary-manager, expects the total to exceed last year's Canadian record breaker by at least 100 entries.

The four-day tournament opening in the Memorial Auditorium on Monday will decide a score of championships for which there are expected 500 entries. This will be the 19th annual tournament for the B. C. events and the third for the C. F. V.

In the much less comprehensive program held here last year there were 398 entries which made it Canada's largest shuttle tournament. With entries pouring in from a huge territory reaching east to Nelson, north into the Cariboo, west to Powell River and Vancouver Island centres and south to Seattle, not to mention the Vancouver quota, it is expected the 1939 championships will not only retain last year's laurels but establish a new mark for other Canadian centres to shoot at.

### CHAMPIONS COMING

British Columbia's best in the junior shuttle field will display their prowess in Abbotsford next week. Champions from all parts of the province are entered with the State of Washington also sending its junior champions for good measure.

In spite of all these famous players, Abbotsford Junior Club hopes to keep some of the B. C. titles at home but realizes its players will have to shine their brightest. Hopes are highest on the performance expected of Kay Webster, Naomi Bailey, Violet Hay and Janet Golos and in the boys' classes Abbotsford relies on Bernie Marshall, Phil Fadden, Richard and Alan Trethewey. All local players are practicing every spare minute in a desperate effort to keep the district trophy again this year.

### MORE TROPHIES

Prizes and trophies continue to be received. The A.Y.P.A. has given a beautiful trophy for the mixed doubles and the Hudson's Bay Co. and David Spencer Ltd. have each provided a pair of second prizes. A Prosser racquet has been put up by Harry Shaw of Vancouver to be given to the best "B" player in the tourney. Another prize is from Sparlings and two sun gold trophies have been offered by McLennan, McFeely & Prior Ltd., to be won outright by the boy and girl playing the most outstanding game. Lisle Fraser has donated a dozen shuttles and local donations include \$2 from Mrs. Trimmell of Clayburn, and \$5 from the Loyal True Blue Association.

### TOURS FOR VISITORS

It is proposed to entertain the visiting players, between the matches, with tours of the Pacific Milk plant and the Clayburn brick works and other drives. The local committee will appreciate co-operation of car owners in this feature. Any one able to take some visitors out is asked to advise Mr. Rowley, 'phone 15 or 27.

## Fair Prize List, Clubs On Agenda

A meeting of the executive of the Central Fraser Valley Fair Board including all committee chairmen and open to all other interested will be held in the Men's Club hall, Abbotsford, on Wednesday, April 12 at 8 p.m.

Purpose of the meeting is to discuss revisions proposed by committee chairmen in the various sections of the prize list prior to its publication at an early date.

Progress of junior club promotional work will also be reported and discussed. One calf club in the western district is reported assured and another is said to be likely in the south-eastern district in addition to a poultry club and the large junior garden club.

Other matters concerning the approaching exhibition will also be taken up at the meeting which, it is hoped, will be fully attended.

### A. HULTON-HARROP APPOINTED LOCAL FIRE MARSHALL

Confirmation of his appointment as local Fire Marshall, as recommended by Abbotsford Board of Commissioners, has been received by Fire Chief A. Hulton-Harrop, from Prov. Fire Marshall J. A. Thomas.

### POPULAR ENTRY

ALAN FRANCE of Kelowna who won the men's singles, all ages, in the Central B. C. Shuttle tourney and last year here won the Under 20 and Under 16 singles, taking the McDiarmid and Pearson cups. While Alan is popular with both fans and players here, local entries are glad he is not eligible for the Under 16 class when he competes in the B. C. Championships in Abbotsford next week.

## Matsqui Council Session

### TO REPAIR TRUCKS, BAN SUMMER FIRES AND ZONE SIGNS

An application to purchase municipal trees adjacent to a tract of private timber shortly to be logged brought up the question of damage done district roads by logging trucks when it came before Matsqui council on Saturday. It was decided the trees were not for sale and that efforts should be made to secure bonds from operators in all cases where damage is likely to result to roads.

An offer of \$150 for 21 acres on the Trans-Canada highway was considered much too low. The council decided to submit a counter proposition at \$300.

If it was their own equipment and times were better, members of the council agreed, they would not repair the municipality's old trucks. Under existing conditions, it was decided after lengthy debate, repairs were probably the only course possible. Coun. Beharrell was authorized to secure sealed tenders from three local garages on a reconditioned motor for the Ward Four truck at present out of commission. Necessary tires and parts for other trucks were also approved.

Leave to introduce a zoning by-law, as a means to regulate signs being erected along the highways, was granted Coun. Scott.

Landowners will be well advised to burn their brush piles this month, the councillors observed in deciding to issue no fire permits during the dry season.

## Decoration For Royalty Is Favoured

Suitable decoration of homes, places of business and the town in general during the visit to British Columbia of their Majesties King George VI and Queen Elizabeth, particularly on May 31 when the Royal Train will pass through the M.S.A. Area passing briefly at Mt. Lehman, was discussed at the monthly meeting of the Abbotsford Ratepayers' Association on Monday night. Action was deferred pending announcement of the Board of Commissioners on the subject.

### COMPENSATION BOARD GETS \$459 FROM MATSQUI

With no other recourse open Matsqui Municipal Council authorized payment to the Workmen's Compensation Board of a preliminary levy for the first quarter of 1939 amounting to \$459 at the regular council meeting on Saturday. The annual total paid the W.C.B. Reeve Cruickshank pointed out, exceeded \$1500. This represented more than one mill in the Matsqui tax levy, it was observed.

## Tree-Lined Gateway Is Proposed

### WOULD BEAUTIFY WESTERN APPROACH TO TRADING CENTRE

An avenue of trees as a western approach to the town of Abbotsford was suggested at the monthly meeting of the Abbotsford Ratepayers' Association on Monday night. It was reported that Reeve George Cruickshank of Matsqui, through which municipality the Trans-Canada highway passes approaching Abbotsford from the west, had indicated approval providing the Public Works Department was favorable. It was pointed out that similar avenues, planted some years ago, presented an attractive appearance at Chilliwack, on the Pacific Highway near New Westminster and that Sumas, Washington, was similarly beautifying the approach to the town and International Boundary. As the project is of inter-municipal interest it was decided to recommend it to the attention of Abbotsford & District Board of Trade.

### COUNCIL BITTER ON FIRE PROTECTION RESPONSIBILITY

"When there was revenue to be obtained from forest lands in the municipality, the provincial government looked after appointment of fire wardens, but now that the timber is gone it becomes a municipal responsibility." This was the somewhat bitter comment heard at Matsqui municipal council meeting on Saturday when a communication was received pointing out the district's responsibility in case of bush fires—as occurred last season. The provincial wardens will give advice and loan equipment when available, the council was informed. No fire permits will be issued during the dry season, it was decided.

Dairy commissioner Rive and G. H. Thornberry visited this district last week. Rather than form a third C.T.A. route in the area at this time it is now proposed to accommodate

## Matsqui Council to Issue Questionnaire on Medical Aid Scheme for District

At the suggestion of Reeve George Cruickshank, Matsqui Municipal Council on Saturday decided to issue several hundred copies of a questionnaire with a view to ascertaining the extent of interest in a proposed medical aid scheme for the municipality. Questions which will be asked are outlined in the following letter submitted to the council by the reeve:

"I suggest we submit a questionnaire to the Ratepayers in connection with Medical Insurance in the following manner:

1. Will you join a voluntary Medical Insurance Scheme to cost \$12.00 per year per family?
2. Will you join a voluntary Medical Insurance Scheme to cost \$12.00 per year per family plus a fee of 50c per visit of Doctor to your home?
3. Will you join a voluntary Medical Insurance Scheme to cost \$15.00 per year per family?
4. Will you join a voluntary Medical Insurance Scheme to cost \$18.00 per year per family?

Fees to be paid in advance. "Above services to include all medical attention possible for a regular physician to administer, but not to include specialist service or medicine. We would urge everyone to fill in the attached form either "Yes" or "No" and return to us at once. This will give us an idea if the public desire this service at this time or not in order that we may perfect organization, but it will not be binding in any way as it will depend on how many join up if it is practical to go ahead with the Scheme.

"The idea of the separate charges is that while we hope that everyone will join up at the minimum charge which would enable us to put the service into effect at once, on the other hand, if we have a partial response to either of the other rates, it would still be possible for us to put the Scheme into effect on the smaller enrolment.

"We would point out that this questionnaire will not bind anyone, but merely gives us a line on those who are favorable, and before actually putting the Scheme into effect, it will be necessary for us to secure individual signatures after final details have been worked out. As it is impossible for us to contact each individual at this stage, we request immediate response and ask that persons interested sign in as many classes as they are agreeable to. In other words, should they be agreeable to come in at \$12.00 and we not secure sufficient to come in at that rate to make it practical, would they be agreeable to come in at either \$15.00 or \$18.00?"

## Driver In Fatal Crash Committed

### WILL APPEAR ON MANSLAUGHTER COUNTS AT SPRING ASSIZES

Theron E. Boley, 24, Kilgord road, was formally committed for trial at the Spring Assizes at New Westminster when he appeared in Sumas municipal police court on Friday to face two charges of manslaughter arising out of the deaths of two Sumas citizens following an automobile accident at Huntingdon on the night of March 17.

Magistrate N. C. Tingle of Chilliwack presided, Harry Sullivan, K. C., of New Westminster represented the Crown and J. R. Nicholson of Vancouver was counsel for the defense.

More than a dozen witnesses, including several police officers, were called. Numerous exhibits including a large scale map especially drawn showing the location of the accident, several photographs of the scene and the car driven by Boley, and personal effects of the deceased, were accepted.

Accused reserved defense on advice of counsel. The latter sought to have the court act on Section 696, which would have bound accused over till called before a higher court but this was not acceptable to the prosecution, Mr. Sullivan pointing out that such procedure followed only where the magistrate considered evidence was not sufficiently strong to warrant committal.

Release of accused on bail in the amount of \$5,000 was secured at New Westminster on Friday afternoon following the 3-hour session of the police court.

## Holiday Follows Exams

Two hundred and twenty students of Philip Sheffield high school, Abbotsford, will relax at 3 p.m. on Thursday when "time" is called on the spring examinations and school breaks up for the Easter vacation.

While the students will go free until Monday, April 17, the teachers will have two heavy jobs to complete during the week's vacation.

In the interests of increased student efficiency the Easter reports will not be issued until the students return from their holiday. Teachers and students will work on current studies right up to the gong on Thursday. During the Easter week the staff will complete marking the exam papers, tabulate the results and prepare the 220 report forms for the students to take home on April 17.

those dairymen anxious to have their herds tested by extension of present facilities.

### MATSQUI DECLARES CIVIC HOLIDAY ON WEDNESDAY, MAY 31

In honor of the visit of Their Majesties King George VI and Queen Elizabeth to Matsqui, the municipal council decided at Saturday's session to declare Wednesday, May 31, a civic holiday. Council was in agreement with Reeve George Cruickshank that everything possible should be done to permit children of the district to be on hand at Mt. Lehman when the Royal Train stops there briefly on the afternoon of May 31.

Reeve Cruickshank said he was arranging to confer with Reeve Houghton of Sumas and Chairman Gilmour of Abbotsford in connection with details to permit the entire M.S.A. Area to participate in the observance of the occasion.

## Fashion Parade Success

### LOVELY SPRING SETTING FOR SMART EVENT STAGED BY P.S.H.S. GIRLS' LEAGUE

The Annual Fashion Parade and Tea held Friday afternoon by the Girls' League of the P.S.H.S. was very successful. The Auditorium, which was beautifully decorated with evergreen and spring flowers, formed a lovely setting for the smart spring ensembles modelled by the girls.

The students of the Home Economics class modeled their wool dresses made during the fall term in class. Clever new styles in coiffures, afternoon dresses, coats, suits, hats, prints and play outfits provided by all Abbotsford dry goods stores, and beauty parlors, made the parade an even greater success than last year. Miss Evelyn Hay, league president, was Mistress of Ceremonies.

After the fashion parade dainty refreshments were served by the Home Economics girls who had prepared them in their cooking classes under the guidance of Miss Clark.

Miss Peggy Anderson and Mr. Tom Bennett played during the parade and tea hour. Miss Vivienne Crist played a piano solo and accompanied Miss Hazel Harding who sang two songs.

### TRUCK SPILL AND CHIMNEY FIRE CALL POLICE FROM COURT

Police officers waiting to give evidence in Sumas police court on Saturday were twice called away during the hearing.

Constable Phil Boulton of the highway patrol and Constable F. G. Saunders were called to a spill on the Trans-Canada highway when two trucks tangled and Constable J. Blezard was summoned by a fire alarm which proved to be a minor chimney fire near Huntingdon school.

Trucks driven by Walter McGrath of Rosedale and Wm. S. Buchanan, Sumas municipal driver, were involved in the accident on highway. Both were driving toward Abbotsford. McGrath is alleged to have struck the rear of the municipal truck as the latter turned off No. 5 road.

The Rosedale truck plunged into the 12-foot ditch on the side of the highway and its front was demolished but no one was hurt. The Sumas truck was not damaged.

## To Draw For Queen Saturday

The different committees of the Loyal True Blue Association are now at work making arrangements for the annual May Day celebration to be held in Abbotsford on the 24th of May.

The voting for May Queen took place in the schools of the M.S.A. Area during the past week and the final drawing will be held in the Abbotsford Theatre on Saturday evening, April 8.

The program for the day includes children's sports, ball games, parade, competition for two cups offered for folk dancing and Maypole dancing, crowning of the Queen and various other attractions.

## Re-Elect Hospital Directors

### SMALL ATTENDANCE AT ANNUAL MEETING; TWO AUXILIARIES THANKED

All five retiring members of the Matsqui-Sumas-Abbotsford General Hospital Board of Directors were unanimously accorded re-election at the annual meeting held in the Men's Club hall, Abbotsford, on Thursday night. Eric T. Weir, the chairman of the board, presided and there were about 20 persons present.

The financial statement, showing the hospital operated at a small profit in 1938, was discussed. The statement was published in full together with the chairman's and the matron's report and the reports of the two auxiliaries, and appeared in the March 22 issue of THE NEWS. It was pointed out that the excellent assistance of the Matsqui and Abbotsford Women's Auxiliaries was largely responsible for the favorable showing of the institution. Mrs. G. E. W. Clarke replied briefly to a vote of thanks extended the ladies taking opportunity, in turn, to express appreciation of the support accorded by the public to all auxiliary appeals.

Small public attendance at the annual meeting, while taken to indicate general satisfaction, was deplored and a notice of motion was introduced suggesting reduction of the society membership fee as a means of interesting a larger membership and attendance.

Co-operation and efforts of the matron and staff was also subject of a vote of thanks by the meeting.

In comment on the financial statement it was pointed out by the chairman that of hospital revenues only about one-third was provided in patients' fees paid.

Directors re-elected for the ensuing term are: Mrs. M. M. Shore, Abbotsford; R. Machell, Ridgedale; Councillor L. J. Kettle, Poplar; W. W. Johnston, Huntingdon; and G. H. Loach, Bradner.

## Fear Water Shortage Is Again Likely

Abbotsford Board of Commissioners will be requested to give consideration to an offer recently made by Mr. Ryall, who lives just south of Jubilee Park, to investigate and if desirable utilize his deep well as an additional source of water for the town in the approaching season. The subject was discussed at the monthly meeting of Abbotsford Ratepayers' Association held in hall of Trinity church on Monday night. A serious view was taken of the danger of a repetition of the water shortage experienced last summer. The Ryall well, about 50 feet deep, is said to have an unfailing supply of pure water. A much deeper drilling was also made some years ago. A committee will interview the Commissioners on the matter.

### NEW AGREEMENT ON MAINTENANCE OF McCALLUM ROAD

Maintenance of McCallum road, an inter-municipal boundary thoroughfare, is being tackled from a new angle by Matsqui and Sumas councils. At the council meeting on Saturday Reeve Cruickshank and Reeve Houghton conferred by telephone and Matsqui sent Councillors Scott and Kettle to the Whatcom road meeting. It was agreed in the resulting conference that in future Matsqui will take over care of the road for 1½ miles north from the International Boundary and Sumas will look after the next section to Abbotsford.

### Stores Will Be Closed Good Friday

Places of business will be closed all day on Friday, April 7, "Good Friday," a public holiday. Stores remain open this Wednesday afternoon. Quite a number of shoppers took advantage of the later closing hours now in force for the summer season, on Saturday night.

In the U.S.A. and Foreign Countries—

\$2.00 per year in advance

Member of the British Columbia Division of the Canadian Weekly Newspaper Association

**The Time Is Past**

Along with a cheque for two years' subscription to the *News* we have received a letter which is in itself an editorial on the principal needs of the times. We quote:

"I like your editorials for the reason that you are urging the Boards of Trade, local organizations and individuals to greater efforts on their own power.

"It seems to me the time is past when we can keep on hoping that the other fellow would solve our problems and give us our daily bread.

"The four economic spectres that are lowering our standard of living are still with us. They are: The merry-go-round of 'made' work, higher taxation, less consumption and less employment. These ailments can only be cured by honest work and honest return for honest work."

The bonny Scots are reported to be greatly disturbed, as well they might be, comments the Winnipeg Tribune, over a recent development in Japan. For it has been established in the Sheriff's Court at Glasgow that there is a new town in Japan called Aberdeen, and that from this town considerable quantities of Japanese-made whisky are being exported under an "Aberdeen" label.

**A Little Paint at Little Cost Does a Big Job**

Every encouragement is being offered homeowners, householders and businessmen to brighten up their property this Spring. Here in the M.S.A. Area, situate at the Cross Roads of the Fraser Valley and on both the International and Trans-Canada highways we have special reason to make our dwellings, farm buildings and places of business bright and attractive. Even though other spring work is rushing upon us the advantageous paint sales at present in progress in Abbotsford provide too good an opportunity to miss. We can do both ourselves and our community a good turn by acquiring a can or two of color and wielding a paint brush for a few hours—it reduces depreciation, increases the apparent value of our property and adds 100 per cent. to the appeal of our community in the eyes of visitors. In the words of the *Kamloops Sentinel*: "Spring's in the air today, and, despite the tense situation in Europe, preparations for the visit of the king and queen to Canada in May continue. So it may be an appropriate time to make the annual suggestion to house-owners: How about brightening our homes by splashing the odd bit of paint around the family homestead. It's surprising how little it costs to make the old home shine again as it did when it was young and frisky. It's surprising, too, how little is the cost of painting and how much it adds to the worth of the property."

Lady Tweedsmuir's own book-distributing organization has attracted wide attention in the Dominion, not only amongst people who are interested in promoting library service, but amongst the book-hungry people themselves who beseege her for literature. A more serious-minded and discriminating person sent in a request for educational books on a high plane, such as higher mathematics, and asked her not to send him any "trash." A much younger reader was willing to leave book selection entirely to Her Excellency, when he addressed her: Lady "Tweedsmuir, Canada, Dear Sir, please send me some books."

**China and Langley Keeping Pace**

The municipality of Langley recently decided, as an economy measure, to revert to old-time horse-drawn dump carts on certain municipal work jobs. We do not know whether they were taking a tip from the Chinese government but we rather think the venerable Oriental administrators have gone our municipal neighbors one better. The Chinese wagons will include at least one modern feature—rubber tires.

According to an Associated Press report from Shanghai:

"To save gasoline and oil for the war machines of China, the Central Chinese Government is planning to use hundreds of horse, mule and donkey-drawn carts to haul supplies over the new Burma-Yunnan highway.

"Rubber-tired carts to be used for this work will have one-ton capacities. The cart caravans, bearing munitions and other supplies, are expected to require about a month to travel the 2,100 miles from Rangoon to Kuming."

Ninety-nine per cent. of Canada's hop production comes from the Fraser Valley. Growers there are favored by climatic and irrigation facilities and are likely to retain a monopoly on this crop for some time to come.—Family Herald, Montreal.

**With Good Wishes**

Ten years ago on April 1, a youth, comparatively new from the Old Country, joined the staff of the *Abbotsford, Sumas and Matsqui News*. Time passed and he became a well-known and popular member of the community. As work on a home weekly permits and requires, he soon became known to a majority of the residents of the Area. Quiet, helpful and efficient, he won many friends. Industry, application and a practical turn of mind developed a good printer. Not a specialist, of which there are too many for the few positions available, but an all-round man able to swing from case to stone, linotype to press, job work to selling advertising or writing a "story." A change in the ownership of the business resulting in a larger and modern style of paper provided a well-founded trade training increased opportunity to assert itself. Good use of trade journals and public library services kept this country journeyman abreast of the changes in the industry, alert to improvements and modern methods. It is not strange, therefore, that he should ultimately seek a wider field nearer the bigger plants and, possibly, opportunities. It is not so much with regret then, but rather with good wishes that the *News* and, we are sure, Abbotsford and district citizens generally, see Ken. Plowright leave for the Royal City with his "stick" and rule.

**FARM and RANCH TOPICS**

**BLOSSOM FESTIVAL**

Alcomac Post, No. 23, of American Legion announces that the 4th annual Eastern Shore of Virginia Potato Blossom Festival will be held Thursday and Friday, June 8 and 9.

**HAY, STRAW EXPORTS**

Total exports of hay and straw from Canada during the period July 1, 1938 to January 31, 1939, were 50,168 tons of hay, valued at \$397,177, and 2,217 tons of straw, with a value of \$9,127 compared with 34,272 tons of hay, valued at \$263,837, and 3,250 tons of straw, valued at \$13,228.

**APPLES IN BRITAIN**

Canadian apples exported to the United Kingdom during the present season up to the end of the first week of March, totalled 1,638,400 barrels and 2,337,200 boxes, compared with 1,242,669 barrels and 2,825,318 boxes during the preceding season, an increase of 32 per cent in barrels, and one per cent in boxes.

**SEED POTATO RESTRICTION**

By proclamation, the importation into Jamaica of seed potatoes to be used for planting is restricted to the Marketing Division of the Jamaica Agricultural Society.

Finger-print cards are the latest addition to the multitude of personal papers which the average German must now carry about with him.

**VALLEY NOTES**

Surrey property owners will vote on Saturday, April 15, on a money bylaw to finance construction of junior-senior high schools.

The Cultus Lake forestry camp for single unemployed, scene of many a rumpus and much constructive effort since November, is being broken up.

Surrey Junior Chamber of Commerce is showing healthy growth. During the past two weeks twelve new members were enrolled, and the organization now has a paid-up membership of 63.

Milner won the 1938-39 championship of the Langley Cribbage League, defeating Murrayville 25 to 11 and 19 to 17 in the finals.

A party of energetic members of Maple Ridge Junior Board of Trade has cut over a mile of trail eight feet wide on the lower level north of Maple Ridge Park to connect with the old logging right-of-way which will form part of the route to the ski camp on Battery Mountain.

British Columbia's 761,000 residents stand third on the list of Dominion taxpayers with an aggregate income tax of \$8,819,000, according to figures published in Hansard.

**DYKING ENDORSED**

South Westminster property owners, meeting Friday night, authorized the Provincial Government to proceed with protection and improvements to the South Westminster Dyking system. Cost of the work is \$18,000.

**CONSIDERS PRODUCT USUALLY WASTED WORTH REAL \$\$\$**

—by Ralph Gram

Mr. M. G. Fadden, well known Sumas Prairie farmer, has recently remodeled and enlarged the liquid manure tank in connection with his barn. He considers this a valuable part of his dairying equipment. The product taken from this reservoir and sprinkled on pasture land from a tank wagon is worth real dollars in fertilizing value.

**Lost To Ocean**

If you saw sacks of commercial fertilizer piled under the eaves of a barn on a rainy day, what would be your reaction? It would probably be that a farmer having such a thing was wasteful and careless with something that had cost him cash money. On the other hand, how many manure piles could you find in Sumas or Matsqui that fit this description? Plenty would be the answer, and when 50 inches of rainfall in a year runs down through a pile of manure, many dollars worth of plant food is running away into streams and sloughs. Phosphates and nitrogen which have no other fate than to eventually reach the Pacific Ocean don't contribute much toward maintaining the fertility of Fraser Valley farms.

**Saves Cash**

How many dairymen are losing one-hundred per cent of the liquid manure resources which have taken feed for the cow to producer? Plenty is again the answer. Commercial fertilizer must be paid for in cash while the barnyard manure is

**AN APPEAL FOR JUSTICE**

The employees of the Fraser Valley M. P. A. at Sardis and Delair have for many years been members of the Milk Drivers and Dairy Employees Union No. 464, during all these years they have been trying to get the directors of the F.V.M.P.A. to recognize them as organized men, and make an agreement with them as an organization. Every time they have approached the directors they have been refused.

Last year a board of arbitration was held on which board there were Dean Clement of the U.B.C., chairman; W. J. Park, Esq., representing the F.V.M.P.A., and E. A. Jamieson, Esq., representing the union. This board heard evidence from both sides and brought in a majority report favoring the union. The directors unanimously refused to consider this report and again refused, the request of their employees. The evidence in the enquiry consists of 275 pages and the reproduction of same would be too costly for us to undertake, but it may be seen at any time in our office.

Very shortly the union, as representing the employees, will again approach the F.V.M.P.A. for an agreement, and we challenge any person to study the proposals and find anything in them that is detrimental or harmful to the F.V.M.P.A. Rather will they assist the F.V.M.P.A. by showing the thousands of union men all over the world where F.V.M.P.A. products are sold, that a friendly relationship exists as between the F.V.M.P.A. and the organized masses, who after all are the principal users of your products, as we know that more of your products are sold in working men's districts than are sold in the so-called rich people's localities.

At your recent annual meeting we distributed a leaflet, headed "Do You Know?" We shall be pleased to send a copy to any member of the F.V.M.P.A. who will drop us a post-card.

If you have any questions you would like to ask us, drop us a line. We shall be pleased to answer them.

If given an opportunity we shall also be pleased to send a speaker to any of your local meetings. We ask you sincerely to bear in mind we have nothing to hide, and are only asking for a fair deal, in accordance with the fact that you expect and are entitled to a fair day's work from us.

**What You Can Do**

Your organization is very similar to our trade unions in the fact that you have different locals, and we ask your co-operation in seeing that at the next meeting of your local a committee is appointed or elected to go into this whole matter, and if they, after seeing our representatives, report either favorably or unfavorably on our proposals, notify your directors and send us a copy of your decision.

Thank you.

## ...Preparing Eggs For Easter...

The origin of the Easter egg tradition is lost in antiquity but year after year the delightful practice of adorning the breakfast table with eggs on Easter Sunday morning continues. It matters not that the first fresh eggs no longer come with Easter, the beginning of Spring. The modern model of the humble hen may, and usually does produce her excellent product the year round. Easter is still associated with eggs, with the hen scratching in the warming earth, newly aware of her destiny.

Eggs, in the Easter tradition, are always boiled in the shell. For the children, of course, they must be colored, with one of an infinite variety of home or commercial preparations. No parent, treasuring his childhood memories of bowls of multi-colored eggs and Easter morning, would deny a similar pleasure to his children.

For children, pullet eggs, if they are available, will prove an added attraction, their small size lending a youthful touch and having the further practical advantage of enabling Junior to dispose of a much greater number. These small eggs are sold under the designation of Grade A Pullet. They weigh approximately an ounce and a half each. Grade A large eggs weigh two ounces or more.

Eggs are so sensitive to heat in cooking that it is easy to overcook them, or cook them poorly. When they are cooked in the shell a precise method is necessary to cook

them to the right degree. Use one pint of water for the first egg and one cup of water for each additional egg. Bring the water to the boiling point. The shape of the kettle should be such that the water will cover the egg. Place the egg in the water and cover the kettle. Remove from the heat and keep the water hot but not boiling for 6 to 8 minutes, depending upon the degree of cooking desired, for soft cooked or medium eggs. For hard cooked eggs, follow the directions for soft cooked, allowing the eggs to simmer for 30-35 minutes. Cool eggs quickly by plunging them into cold water, or letting cold water run over them in order the prevent blackened surface of the yolk. Hard cooked eggs can be used in a number of ways to give variety.

New Westminster bank clearings totalled \$536,894 as against \$517,318 for the corresponding week last year.

### T. C. A. ISSUES ITS FIRST TIMETABLE

With inauguration of passenger service between Montreal and Toronto and Vancouver set for Saturday, Trans-Canada Air Lines has issued its first timetable. It shows rates to be on the basis of six cents a mile, with a reduction of 15 per cent for round trips; children under two years of age and carried in arms will travel free; children between two and twelve will be charged half-fare. Forty pounds of baggage will be carried free on every ticket.

Carrying mails and express as well as passengers, the Super-Electras will leave Vancouver at 6:45 p.m. daily, arriving at Lethbridge at 10:20 p.m.; Regina, 12:40 a.m.; Winnipeg, 3:55 a.m.; North Bay, 10:20 a.m.; Toronto, 11:50 a.m.; Ottawa, 11:50 a.m.; Montreal 12:50 noon.

The new folder will become a collectors' piece and is marked "Original System Issue" with the date, April, 1, 1939, printed on the cover.

## Baer Raid On Boxing Market

At least Mike Jacobs thought so when Max Baer told him what he wanted for his fight with Lew Nova. Here is Max at the left as he discusses terms for his share of the receipts. Ancil Hoffman is in the back with his ears pricked up to catch the response of Mike Jacobs at the right as he hears the new Maxian proclamation. Note the pained countenance of Jacobs.

### THE LIBRARY CORNER

Living Abroad by Norval Richardson

Pleasant, sometimes rueful, memories of ten years of family life in Europe. An American writer has made his home in Paris, the Riviera, Switzerland, and Brittany, and he writes of house hunting, servants, neighbors, expatriate friends and foreign celebrities.

They Wrote on Clay by E. Chiera

The author was professor of Assyriology at the University of Chicago. This study of the history, religion, business affairs and customs of the ancient Babylonians is based upon the records left by them on the clay tablets, discovered by Professor Chiera and others in their work on excavation in Mesopotamia. Middle Age is What You Make It by B. F. Sokolov.

A doctor explains in popular language some of the physical and emotional causes of the decline of health and vitality associated with middle age. He suggests what can be done to remove these causes. Power by Bertrand Russell.

A philosophical but easily readable discussion of the part played by man's "will-to-power" in the world's economic and political affairs.

Animal Neighbors of the Countryside by J. W. Lippincott

A pleasant, informal story about the ordinary animals of the field and countryside, largely based on the author's personal experiences and observations of their habits. Squirrels, moles, mice, skunks, snakes, coons, crows and others are described. Illustrated with drawings.

## Abbotsford and District Paragraphs

Charged with dangerous driving, David Phillip Kellaway of Cloverdale was fined \$10 and costs by Magistrate J. W. Winslow in Sumas municipal police court. The infraction occurred on the high level bridge on the Trans-Canada highway east of Abbotsford during the period men were redecking the structure under protection of red flags. Kellaway is said to have been twice warned before finally being arrested for failing to observe signals.

A provincial public works department bridge and building crew has been engaged during the past week in redecking bridges on the Trans-Canada highway in this area and structures leading to the highway for which the department is responsible. The high-level bridge east of Abbotsford was replanked on Wednesday and Thursday and subsequently the farm approaches and the Old Yale road bridge at the Sumas shingle bridge.

Kenneth Plowright, for the past 10 years a member of the staff of the A. S. & M. News left Abbotsford last week to join the staff of a printing business being established in New Westminster by G. H. Heller, former owner of the News.

Marked improvement in driving visibility of several Sumas municipal roads has been accomplished in recent weeks by work crews. Roads benefitting by brush clearing operations and other work include the Old Yale road from Abbotsford to the highway, Delair, McKenzie and Farmer roads.

Mr. and Mrs. J. Stefan of Chilliwack were weekend visitors at the home of Mrs. H. Fraser.

Matsqui council on Saturday approved a B. C. Telephone plan proposing a 43-pole line extension on Marshall road and also of a B. C. Electric plan proposing power line extension on the Mill road west of the Ware road.

Miss Jeanne Des Mazes was the guest of honor recently at two parties held to celebrate her nineteenth birthday. One was held at the Commodore Cabaret, Vancouver, the other at her home here.

Mr. and Mrs. Harold Hansen left last night for two weeks' vacation and business trip to Winnipeg. Mr. Bill Wahl will be in charge of the barber shop in Mr. Hansen's absence.

Mrs. W. Mackintom of Vancouver was a guest at the home of Mrs. Hannah Fraser on Friday. Mrs. Mackintom was a dressmaker in Abbotsford 27 years ago.

Mr. and Mrs. A. Neale and baby daughter have returned from Victoria.

Mrs. F. Dakers of Victoria was a recent guest of her brother, Mr. W. J. Young of Clayburn, en route home after a trip to Scotland and England.

Friday being a holiday, Dudley C. Durrant will be at his office on Saturday this week.

To Mr. and Mrs. E. Brogaard, Upper Sumas, at M.S.A. Hospital on March 28, a daughter.

To Mr. and Mrs. J. K. Fraser at the M.S.A. Hospital on Monday, April 3, a son.

The Port of New Westminster enjoyed a big month in March, with 51 ship arrivals as against 38 ships last March.

## Personal Paragraphs

Contributed by our District Correspondents

### Huntingdon

In memory of the two recently departed members of St. Paul's church, Mr. Malcolm MacGillivray and Mrs. William Owens, services were held at the church last Sunday afternoon.

## CLEAN-UP DAY

Thursday, April 13th

Thursday, April 13th will be Clean-Up Day for Abbotsford, and all residents are earnestly solicited to co-operate by having garbage placed in containers which can be easily handled and within easy access from the road. Trucks will call where notified.

## Aberdeen

Mrs. Macey, assisted by her daughter, Miss Winnifred, and Miss Dorothy Chittenden, were co-hostesses at a shower on Saturday afternoon in honor of a recent bride, Mrs. C. Voight (nee Grace Groves). The guest of honor was escorted to a beautiful Easter lily which contained the gifts. After the ceremony of opening the numerous parcels, tea was served by the hostesses. Green tapers and a profusion of daffodils were used to decorate the bride's table, which was centred with a two-tiered wedding cake.

Another shower for this popular bride was arranged by Mrs. D. Endicott. The bride's table was very artistically decorated with spring blossoms and in front of the guest of honor was a prettily decorated cake, surrounded by a wonderful array of gifts. Mrs. Bert Groves, sister-in-law of the bride, assisted in opening and displaying the gifts, and Miss Mavis Neville assisted the hostess in serving the refreshments.

There was a very interested audience for the Pro Rec demonstration in the hall on Friday evening. Mr. Ruben and his two assistants, as well as pupils from Abbotsford, Mt. Lehman, Aldergrove and Bradner, went through their various exercises and stunts. Mr. Ruben also gave a talk on the work and benefits derived from the work and he stated the requirements necessary for carrying on the P.R.C. activities in this district.

The library van will call at Henry's corner Thursday, April 13, at 10 a.m.

Miss Lucy Mockford has returned home after spending a month in Vancouver.

Mr. Alan Morris has returned from Glendale, California, having completed a six-months' course at the Aero Industrial Technical school.

## Peardonville

Mrs. F. Thelfall and Mrs. Henderson of Matsqui were visitors at the homes of Mr. and Mrs. G. Peardon, and Mrs. A. Baines last week.

## Poplar

A joint meeting of the Poplar Women's Institute and the Farmers' Institute was held in the hall on Monday night. Results of the committee in connection with the new hall building project were heard. A committee was appointed to take up the matter of obtaining electric light in the district with the Utility Board. A report of the Boys' Potato Club was given by the leader.

Mr. and Mrs. Norman Hall and family of Ladner visited at the home of Mrs. Hall's parents, Mr. and Mrs. T. D. Smith, on Sunday. During the afternoon, Mr. and Mrs. Hall's youngest daughter was christened Norma June by Rev. A. G. Gay.

## ENTERTAINS AT SURPRISE PARTY HONORING SISTER

Miss Vermona Farber entertained at a surprise party in her home at Mt. Lehman on March 25 in honor of her sister, Audrey's, birthday. Games and contests were enjoyed. At midnight lunch was served. A birthday cake with nineteen candles centred a small table at which the guest of honor presided. Later dancing was enjoyed, the music being supplied by Benny Evanoff and Vermona Farber.

Those present were the Misses Rene Boury, Jean McDonald, Marion McDonald and Eileen Nicholson and the Messrs. Jim Moran, Pat Moran, Art Manuel, Ray Boury, Benny Evanoff, Cliff Israel, Byron Lehman, Hubert Farber and Al. Keinzle of Vancouver.

## GIVEN JUDGMENT

Natale Gaulco, Abbotsford, farm hand, sued F. Beltrame, fruitgrower, in county court claiming \$774 balance of wages due. He worked for Beltrame for four years at \$20 a month and board, and had received in part payment \$206. Defendant admitted a debt of \$500. Judge Whiteside gave judgment for Gaulco in the full amount claimed.

## CAREER ENDS

The historic R. A. & L. Society board room, in the Hart Block, New Westminster, closed its 20-year career at the weekend, when the room was converted into offices for the Employment Service of Canada, formerly located in the Market building.

Opening and closing hours for beer parlors were standardized for the whole of British Columbia by a Liquor Control Board regulation today, which sets the hours from 10:30 a.m. to 11:30 p.m.

## Mrs. Janet D. Rudge

A well-known and highly respected resident of this district passed away in St. Paul's Hospital, Vancouver, Monday, April 3, in the person of Mrs. Janet D. Rudge, wife of Fred W. Rudge. Besides her husband she leaves two sons, Wilmet G. and Glendon O., and a niece, Miss Violet Rudge, at home; also one sister, Mrs. R. G. Johnston of Victoria, B. C.; two brothers, Jack Stapledon, Claxton, B. C., and Bert Stapledon, Seattle. Mrs. Rudge was predeceased on February 22 by a sister, Mrs. E. May Rock, at Hollywood, Cal.

The funeral will take place this Thursday at 2 p.m. from the Funeral Chapel at Cambie and 10th Ave., Vancouver, to Forest Lawn Memorial Park, Burnaby.

## J. G. Kallstrom

Mr. J. G. Kallstrom, 72, a resident of Peardonville for 40 years, was found dead on the floor of his home by his neighbor, Mr. A. Newman, on Friday.

Mr. Kallstrom had been ill with a severe cold and had not left his house for a week. Members of the Newman family had been in the habit of going over every day with his mail and evening paper while he was sick. When late Friday afternoon Mr. Newman's knock was unanswered, and the door locked he looked through a window and saw Mr. Kallstrom lying on the floor. There are no known relatives.

Funeral services were conducted on Tuesday afternoon from Henderson's Funeral Home to Hazelwood cemetery. Pallbearers were J. Burnett, J. C. McInroy, O. Olson, F. Baines, A. Frey, A. Newman.

## Horace Stanley Hunt

Funeral services were held on Monday at 2 p.m. from Henderson Funeral Home for the late Horace Stanley Hunt of Clayburn whose death occurred at the M.S.A. Hospital on Thursday. The services were under the auspices of the Canadian Legion. Mr. Ball officiated and interment was in Hazelwood cemetery.

A native of England, Mr. Hunt was in his 53rd year. He came here from the Prairies last November and is survived by his wife and three children.

## Mrs. Catherine Abrahamson

Last rites for Mrs. Catherine M. Abrahamson, a resident of Matsqui, who died on Sunday in New Westminster, were held there on Friday afternoon. The service was conducted by Rev. M. F. Boyd. Mrs. Abrahamson, who was born in Sweden was 87 years of age and had lived at Matsqui for eight years. Interment was in Ocean View Burial Park.

The pallbearers were J. Olsen, W. Fitch, E. Erickson, A. Christofferson, C. Hogarth and G. Prior.

## BRODER COMPANY MAKES ASSIGNMENT

Broder Cannery Co., Ltd. made a voluntary assignment in bankruptcy Wednesday.

It is hoped that arrangements will be made immediately for the operation at the New Westminster and Chilliwack plants to be continued.

## EASTER SERVICES

The Sacrament of the Lord's supper will be observed in Trinity United church, Abbotsford, on Sunday morning, April 9, at 11 o'clock. Special Easter service will be held in the evening.

## The Metropolitan Tabernacle Mission North Poplar

Regular Weekly Services—Wednesday, 8 p.m., Praise and Prayer. Friday, 7:30 p.m. Young People. Sunday, 11 a.m., Broadcast over CJOR, Rev. W.M. Robertson; 3 p.m., Sunday School; 7:30 p.m., Gospel Service. All Welcome. Bright Singing.

There will be a special Easter Lantern Service this Friday, April 7, at 7:30, with special Easter music conducted by Mr. and Mrs. Wallace Jenison of Vancouver.

Rev. W. P. Bunt, pastor of St. Andrew's United church, Nanaimo, and formerly at Mission City, has been appointed superintendent of British Columbia missions for United Church of Canada.

## TO PRESENT GAVEL

The Mission C. C. F. Club will present a gavel to Abbotsford C. C. F. Club at a variety concert, Tuesday, April 11, in the Orange hall, Abbotsford.

The program consists of two short plays, several instrumental numbers, songs and dances.

The evening will be concluded by a dance. Refreshments will be served.

## Wedding Bells

The wedding took place in Vancouver on Thursday, March 23, of Violet Grace, daughter of Mr. and Mrs. T. C. Groves of Aldergrove, and Carl Arthur Voight, eldest son of Mr. and Mrs. P. A. Voight, also of Aldergrove.

The bride wore an afternoon frock of Royal blue crepe daintily trimmed with white lace and pearl buttons. Her accessories were blue and her corsage was of white carnations and heather.

Mrs. Bert Groves, matron of honor, wore wine crepe with matching accessories, and a corsage of white and pink carnations.

Mr. Bert Groves supported the groom.

Mr. and Mrs. Voight will make their home in Aldergrove.

Mr. and Mrs. Groves entertained at a dinner on Sunday in honor of their recently married daughter, Mrs. Voight.

Covers were laid for twenty-four. Out-of-town guests included Mr. and Mrs. Carl Groves of Sumas, Wash., Miss Eula Groves and Mr. John Stewart of Vancouver.

# Take Advantage of the N.H.A. to Build in Abbotsford

## The "Isms" in a Nutshell

We are hearing much about "isms" these days and we are positive that very few of us, if any, could really give an intelligent interpretation.

The following may illuminate their meanings and merits:

**Socialism**—You have two cows, you give one to your neighbor.

**Communism**—You give both to the government. The government gives you a small part of the milk.

**Fascism**—You have two cows, you keep the cows and give the milk to the government which sells part of milk back to you.

**Nazism**—You have two cows, government shoots you, takes both.

**New Deal**—You have two cows, government shoots one cow, milks the other cow, pours the milk down a sewer.

**Capitalism**—You have two cows, you sell one cow and buy a bull.

## Attractive Little Bungalow

You will find a homey atmosphere and an air of charm and contentment about this beautiful little bungalow. Plans are designed for convenience, practicability and comfort. Modern in every sense of the word, and economical to build, this home deserves careful consideration. Five rooms, all of them exceptionally light and airy, are included in the convenient one-storey plan. A modern house like this can now be erected in Abbotsford and immediate vicinity under the National Housing Act loan plan.

## Menu Suggestions For Easter

### LAMB MENUS AND RECIPES

In the parade of meats at the Easter season, lamb for use as roasts, chops, or stews will prove to be delicious, tender, appetizing and healthful.

#### Lamb Chop Luncheon Menu

Celery Soup—CROUTONS  
Lamb Chops—Stuffed Baked Potatoes  
Buttered Beans Broiled Tomatoes  
Shredded Vegetable Salad  
Grape Sherbet Sponge Cake  
Tea or Coffee

#### Lamb Dinner Menu

Fruit Cocktail  
Roast Leg or Rolled Front of Lamb  
Parsley Potatoes—Buttered Peas  
Rolls Spiced Currants  
Lettuce and Tomato Salad  
Lemon Tarts Coffee

#### Informal Supper Menu

Peach or Pear Salad  
Lamb Stew and Dumplings  
Celery Beet Relish  
Riced Potatoes  
Fudge Cake Coffee

#### Recipe for Lamb Stew

Select 2 pounds neck or breast of lamb or sufficient for family. Vegetables required are 2 onions, 2 carrots, 1 turnip, and 2 or 3 medium sized potatoes. Cut meat into small pieces, place in a deep frying pan or kettle. Cover with water or stock, bring to a boil, add sliced onion and allow to simmer for about 2 hours, then add potatoes, carrots and sliced turnip. Cook more rapidly until the vegetables are cooked. Thicken liquid with flour, season and serve stew with dumplings.

#### Recipe for Roast Leg Lamb or Roast Rolled Front of Lamb

Select leg of lamb or rolled front of lamb of suitable size for family. To prepare for the oven wipe with a damp cloth and rub surface with salt and pepper. Place meat in a roasting pan and insert in hot oven (500 degrees F.) for thirty minutes then reduce heat to 300 degrees F. and cook slowly until done. Time required is usually 30 to 35 minutes per pound.

#### Recipe for Lamb Chops (farm style)

Depending on size of family, pan broil 6 to 10 chops two minutes. Prepare 2 cups green peas, 2 cups string beans (3 tomatoes) (sliced), and 4 to 6 potatoes (sliced). Place chops in casserole, add vegetables, seasoning and sufficient boiling water or stock to prevent burning. Cover and cook in oven until vegetables are tender. Serve hot.

### CATTLE EXPORT QUOTA

The United States Government has  
allocated to Canada \$6.2 per cent of  
the quota on cattle weighing 700  
pounds or over admitted into the  
United States between April 1 and  
December 31, 1939. This allocation  
gives Canada a maximum export amount  
of this class of cattle of  
142,230 head during the last three-  
quarters of the year at the reduced  
rate of 1½ cents per pound duty.

### CANADA'S FUR FARMS

According to the latest statistics  
contained in the preliminary report  
just issued on the fur farms of Can-  
ada, there were 9,179 fur farms in the  
Dominion in 1937, an increase of  
1,037 over the preceding year. The  
various kinds of farms were—7,602  
fox; 1,425 mink; 83 raccoon; 28  
muskrat; 19 fisher; 11 beaver; 5 mar-  
ten; 4 nutria; 3 fisher and 2 badger.  
The number of fur bearing animals  
on the farms at the end of 1937 was  
241,359.

### LITTLE CHATS ON FARM MANAGEMENT

#### EFFICIENT LABOR TO INCREASE INCOME

Returns in agriculture are secured  
principally through the application  
of efforts to crops and to livestock.  
It is, therefore, important that these  
phases of the farm work receive  
careful attention. High yielding  
crops and livestock of high produc-  
tion capacity constitute the target  
at which good farmers shoot in or-  
der that worth-while returns for  
labor may be secured. In commer-  
cial farming many of the crop and  
livestock products, of necessity, need  
to be converted into cash. The cash  
received for them, in relation to  
the amount of labor employed, pro-  
vides a convenient measure of the  
efficiency of the labor used.

Labor costs vary greatly from  
farm to farm. The Ontario Dairy  
Farm study, for the years 1936-37,  
shows that the value of family and  
hired labor, apart from the opera-  
tor's labor, with board and working  
time, amounts to, as an average in  
different areas, from \$465 to \$959  
per farm. The value of twelve  
months of such labor or per man  
unit, in all areas, approximately  
slightly more than \$400. With many  
items of overhead expenses to be  
covered, the dairy farmer needs to  
receive an income per man unit of  
labor used much greater than the  
expenditure per man unit. Including  
all labor, the whole milk producers  
of the Ontario Dairy Study, had an  
average cash receipt per man, from  
their farm business, of \$1,200, the  
condensery milk shippers \$1,100, the  
cheese patrons \$795, and cream pa-  
trons \$1,040.

An analysis of the records of the  
whole milk shippers, on the basis of  
the receipts per man, or on the  
basis of labor efficiency, shows that  
the cash receipts per man has an  
important bearing on the operator  
labor earnings also on the cost of  
producing 100 pounds of milk. Those  
whole milk shippers, whose receipts  
per man were less than \$900, had  
average operator labor earnings of  
\$30 and a milk cost per 100 pounds  
of \$2.31. As the cash receipts per  
man increased, the labor earnings  
became greater and the milk cost  
decreased to the point that, where  
more than \$1,500 cash receipts were  
taken in per man, the labor earn-  
ings were \$1,342 and milk cost per  
100 pounds was \$1.91. This shows  
that by increasing the cash receipts  
per man by \$600, the operator labor  
earnings were increased more than  
40 times and milk costs reduced  
fourty cents per 100 pounds. These  
facts show the wisdom of labor  
efficiency as a means of increasing  
returns on dairy farms.

### For Eczema -- Skin Troubles

Make up your mind today that you are  
going to give your skin a real chance to  
get well. Go to any good drug store and get  
an original bottle of Moore's Emerald Oil—  
it lasts many days because it is highly con-  
centrated.  
The very first application will give you  
relief. The itching of Eczema is instantly  
stopped—eruptions dry up and scale off in  
a very few days. The same is true of Itch-  
ing Sores and Feet, Barber's Itch, Salt Rheum  
and other skin troubles.  
Remember that Moore's Emerald Oil is a  
clean, powerful, penetrating Antiseptic Oil  
that does not stain or leave a greasy residue.  
Complete satisfaction or money back.

### DAIRYMAN UTILIZES

(Continued from Page Two)  
donated through the ownership of  
animals and it scarcely seems like  
sound business to permit it to be  
lost forever from the ground which  
produced it.

This situation can be corrected  
if the Fraser Valley farmer will fol-  
low the examples set by dairymen  
of foreign lands such as Switzerland  
and Denmark. For years men from  
these countries farming on the Pac-  
ific coast have been following the  
practice of storing both solid and  
liquid manures in wooden or con-  
crete pits. The first pit of this kind  
in the west was built in Tillamook  
County, Oregon, in 1900 by a Swiss  
emigrant. Hand split Douglas Fir  
was used, but concrete is most com-  
mon today and good drainage from  
barn gutters must be provided.

#### Saves Labor

Solids and liquids are shoveled into  
the tank with a shovel and followed  
by washing of the barn. With the  
use of water the barn is not only  
kept clean but solids are kept in  
solution. Considerable labor is saved  
with the tank method.

The experience of a large number  
of users of tanks indicates that 100  
cubic foot capacity per cow is sat-  
isfactory. The length of time the  
manure is stored does not increase  
its value and water may have to be  
added to make pumping into the

### Effect Given To Vote Of Producers

Powers to set up a single agency  
for the marketing of the Fraser  
Valley's milk supply, and to set up  
an arrangement to equalize returns  
to producers has been conferred on  
the Lower Mainland Dairy Market-  
ing Board by government order-in-  
council.

"The order," said Dr. K. C. Mac-  
donald, minister of agriculture, on  
Monday, "carries out the terms of  
the scheme drafted by the board,  
based on the referendum held some  
months ago among the milk produc-  
ers."

#### RELIC FOUND

A relic of the early colonization  
days when British warships com-  
peted with the land forces of the  
Royal Engineers in gun practice on  
the Fraser River, is a 25-pound shell  
found near Port Mann. It is believed  
to be at least 60 years old.

sprinkler wagon possible.

A system such as this one step  
better than a straight liquid reser-  
voir and those advocating it are  
satisfied that the expense is justi-  
fied in soil fertility conserved.

### The SNAPSHOT GUILD

SNAPSHOTS FROM THE AIR

When you say, "We went 'way above the clouds," why not have a snapshot to prove it?

THOSE who make air voyages  
without a camera miss a part of  
the thrill. You do not need an espe-  
cially designed camera to obtain  
photographs from airplanes. An  
ordinary camera will get interesting  
pictures right through the window  
which you look through as you fly,  
and make you a picture story of your  
trip that no end of verbal description  
can tell so vividly.

Make a few snaps about the air-  
port before boarding your 'plane and  
then, unless you have very fast shut-  
ter speeds, wait before you shoot  
again till you are up at least 1,000  
feet. Naturally the higher the 'plane  
is traveling the less rapidly will the  
earth slip by and snapshots showing  
the land can be made more easily.  
The most interesting views are taken  
when there are definite contrasts in  
the landscape, as when flying over  
lakes, rivers and towns.

If your camera is of the focusing  
type, set it at the "infinity" mark,  
and, on a clear, brilliant day, stop  
f.22 should produce good negatives  
at a reasonably rapid shutter speed.  
When the sun is not so bright, stop  
16 will yield satisfactory results.  
The fastest shutter speed should be  
employed with the average camera;  
this will be 1/50 or 1/100 of a second.  
With faster shutter speeds pictures  
from airplanes can be made at less  
than the 1,000 foot height. With sin-  
gle lens folding cameras and those of  
the box type, the second or smaller  
diaphragm stop should be used. Sur-  
prisingly good pictures can be made

with box cameras on a clear day at  
1,500 to 2,000 feet.  
If you are fortunate enough to be  
flying on a brilliant day when there  
are groups of those light, cottony,  
cumulus clouds, and are gliding  
along well above them, make snap-  
shots when you pass over rifts  
through which the landscape can be  
seen. To include a wheel of the  
'plane, as in the picture above, adds  
realism and enhances the feeling of  
height. It identifies the picture at  
once as having been made from the  
air.

Aloft, as on the ground, a color fil-  
ter helps in bringing out clouds and  
details in the distant landscape.  
Larger stop openings will then be  
required—the size of the opening de-  
pending upon the depth of the color  
of the filter.

Yes, you can take pictures through  
the glass in the windows all right. It  
is especially clear, safety glass, and  
on commercial planes is kept clean;  
but don't rest your camera on the  
window ledge or any part of the  
'plane, since even slight vibration  
will affect the sharpness of the pic-  
tures. Also, don't shoot across the  
rear of the conical housing of the  
side motors, as the heat waves may  
register on the film and blur the pic-  
ture.

And don't forget to take plenty of  
film because there is nothing so pro-  
voking as to find yourself out of am-  
munition and helpless as some unex-  
pectedly interesting picture goes slip-  
ping by beneath you.

## DISTRICT DOINGS IN SPORT

## Boxla Club Lays Plans For Season

Abbotsford Lacrosse Club got under way Wednesday night when it held its first meeting of the season. Officers elected were: Jim Roberts, president; Fred Sterling, vice-president; Wilf Pattenden, secretary-treasurer.

A managing committee for the Juvenile A's consisting of Slim Webb, Harry Walker and Jim McBeth was also appointed.

It is the hope of the committee to increase the popularity of lacrosse and all those interested are requested to turn out and get into shape for the coming season. If the turn-out of players is sufficient it is likely that two local teams will be formed and games will be held without depending on outside teams.

The prospects for building bleachers and lighting the field were discussed and it was considered quite possible that these conveniences may be made available before the end of the season.

## JIM ROBERTS VICE-PRESIDENT OF VALLEY BOXLA

Fraser Valley Lacrosse Association elected Jim Roberts of Abbotsford vice-president at the annual meeting held in Mission City on Monday night. The league this year, it was indicated, will comprise about six teams in one division and permit a playing schedule of two home and two away games for each team. Affiliation with the B.C.L.A., also decided upon, will add greatly to the interest, making the league leader eligible for the B. C. playoffs. It will also give assistance in matters of finance it is understood. Another meeting will be held at Mission on April 17 to draw up the schedule.

## CUP GAME POSTPONED

The soccer game scheduled for Sunday at Langley with Abbotsford for the Royal Standard Cup has been postponed until a week from Sunday.

## WIN FROM CHILLIWACK

The Abbotsford Junior Badminton B and C teams played against the Chilliwack high school at Chilliwack, Abbotsford winning 22-14. Most games were very close and all had a good time, since they enjoyed an abundance of good eats along with the hospitality of the Chilliwack hosts.

## CRACK JUNIORS COMING

On Saturday afternoon the crack junior badminton team of Vancouver: Ken Meredith, Jack Muir and the rest that go to make the exceptionally strong squad, will play the Abbotsford Junior A's in the P.S.H.S. auditorium at 1:30. This match should prove a good warm-up for the big tourney which commences Monday at 9 a.m.

## MATSQUI HALL

Receiving the Financial Report for 1938 and election of directors for the ensuing term will be the principal business to come before the annual meeting of Matsqui Hall Association scheduled for Monday, April 10, at 8 p.m.

## LANGLEY A. A.

R. F. Kerr is president of the re-organized Langley Amateur Athletic Association. Other officers are W. Brandow, vice-president; Miss N. McLeod, secretary; Jack Fuller, treasurer. All that remains of the old organization are three land trustees, Dr. A. McBurney, F. F. Kerr and W. Ward.

Mr. and Mrs. C. W. Webb of Chilliwack celebrated their 59th wedding anniversary on March 24. They have resided in Chilliwack for 51 years where Mr. Webb was municipal clerk and secretary of the municipal school board for many years. Alvin Webb of Abbotsford is a son and with Mrs. Webb attended the celebration.

## SOFTBALL MEETING ON THURSDAY

A meeting of softball fans is called by the A.A.A. for the Abbotsford public school at 8 p.m., this Thursday. Players will be lined up for a local league. Plans for the season will be drafted for submission to the A.A.A. meeting scheduled for Monday night when it is expected representatives will be present from the Vancouver Softball League.

## Island Hoop Team Seeks To Play A.A.A.

A wire from Chemainus, Vancouver Island, basketball club seeking a game at Abbotsford next week was received by the Amateur Athletic Association on Monday. As the British Columbia and C.F.V. Badminton championships are being staged in Abbotsford next week it was impossible to arrange the game on the date requested. The executive expressed gratification that the A.A.A. was already known so far afield and will endeavor to arrange for the visit of the Islanders at a later date. In the meantime it was suggested local basketballs get together for practice; the Chemainus squad is reported to be good.

## SHORT SHIFT FOR ALIENS

A deportation bill to exclude from the United States any alien advocating any change in the American form of government received swift and unanimous House approval, as a further foreign policy development.

## TO VOTE ON RINK

Prince George citizens will vote April 12 on a new modern skating rink, 180 by 80 feet. Under the by-law the city guarantees interest and principal on \$12,000 worth of 5 per cent. 15-year bonds.

## Provincial Recreation Centre Notes

C. Leadbetter, from Whonnock centre and D. Brady, Aldergrove centre, took honors for the district in the Pro Rec boxing championships in Vancouver on Saturday, April 1. Leadbetter in the 147-lb. class and Brady in the 164-lb. C. Arnold, Bud George, B. E. Arnold, B. MacDonald and C. Morgerison won the pyramid contest at Cloverdale.

Results of gym competition, naming the first five: Matsqui—Gladys Cade, Muriel Page, Edith Humphries, Violet Seibol, Myrtle Beharrell; Howard Beharrell, Harold Humphry Lester Peterson and Mike Nelson. (tied), Dave Faulkner, John Foreman.

Bradner Junior—Pearl Hernstedt, Janet Barclay and Thelma Donaldson (tied), Velma Levain, Patsy Allen, Luella Norman and Ruth Allen (tied); Eddy Brier, Colin Carmichael, Russell Burminster and Dick Richman (tied), Elmer Norman, Henry Croker and Thomas McMath (tied).

Cloverdale—Janet Laird, Doris Jones, Marjorie Toby, Pat Smith, Mory Mackie, B. Arnold and C. Arnold (tied), P. Taylor, C. Morgerison, C. Buckley, C. Boothroyd and Don Billings (tied).

Aldergrove—Joe Langlois, 72 pts.; Clarence Palmer, 71; Geo. Sawatzky, 64; Stan Deans, 61; Don Hay, Dick Sawatzky and Ed. Nelson, 60. Twenty-six boys took part in the competition and the events contested were mat tumbling, springboard tumbling and box vaulting.

A demonstration was given at Aberdeen hall March 31, for Aberdeen P.T.A. Fifty members from Mt. Lehman, Bradner, Aldergrove and County Line took part Thursday, April 13 a dance will be held at Cloverdale. The Pro Recs joining forces with Badminton and Basketball Clubs for the event.

Project of some Matsqui residents to transfer their affections to Langley ran into a snag. It appears that of the 2000 acres whose geographical location at Glen Valley makes allegiance to Langley more convenient, about 500 is owned by the municipality of Matsqui and the dyking taxes are in arrears.

A wooden totem pole figure of an eagle, carved by Siwash Indians of Northern Vancouver Island, has been acquired by the British museum.
